Dear Ms. Lipton:

I am writing in response to your recent Right-to-Know Request, received June 29, 2020, for the following information:

Materials related to and sufficient to show all instances of alleged or actual inappropriate or illegal behavior or actions resulting in compensation or expenditures involving this agency.

Your request will require additional time to complete a legal review and for the Borough staff to research and provide the information available. Accordingly, and as required by the Act, the Borough hereby extends the time for responding to this request for an additional thirty (30) days.

Section 902. Extension of time.

Determination

(a) Determination – Upon receipt of a written request for access, the open-records officer for agency shall determine if one of the following applies:

- (4) A legal review is necessary to determine whether the record is a record subject to access under this act; and
- (7) The extent or nature of the request precludes a response within the required time period.

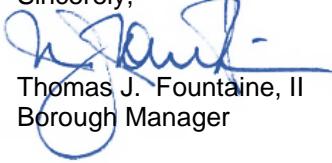

Notice

(2) The notice shall include a statement notifying the requester that the request for access is being reviewed, the reason for the review, a reasonable date that a response is expected to be provided and an estimate of applicable fees owed when the record becomes available. If the date that a response is expected to be provided is in excess of 30 days, following the five business days allowed for in Section 901, the request for access shall be deemed denied unless the requester has agreed in writing to an extension to the date specified in the notice.

At this time, we are unable to provide an exact estimate of fees that may be incurred related to this request. However, a charge will be associated if the amount of data/file size is not transmissible via email or if any of the information is only available via hard copy. If this is the case, we will provide the cost information as soon as it is available.

You can be assured that every effort is being made to process and complete your request as quickly as possible.

Sincerely,

Thomas J. Fountaine, II
